

## “My children is healthy eating fish” program finish in Chicama

Children, parents and teachers at the school "Victor Manuel Avila City" in Chicama, participated in the competition "My child is healthy eating fish", which presented different, delicious and cheap dishes prepared with fish.

This contest was organized by our company, as part of our social responsibility program "Eating healthy, learn better," through which we promote the consumption of healthy food that improve the nutrition of children, contributing with the prevention of malnutrition and child anemia.
